

How to install Arduino Library:

1. Download These from here (Some Library Link :

https://github.com/sorowar-cse/Arduino_Proteus_Library_Collection)

2. Extract rar folder (.rar) & Copy all of the files in that rar folder.

3. Open C Drive (This PC > C Drive), Go to Program Data (if not found, mark/ tick the hidden files from view option) or , (may be) Program Files .

4. Find LabCenter Electronics, Then Go *LabCenter Electronics* >> *Proteus* >> *Library*.

5. Now Paste the copied files here! & You are Done!
